2019 International Conference on Functional Materials (ICFM 2019) will be held in **Tohoku University, Japan during September 4-6, 2019.**

The conference aims to provide a forum for many of the leading researchers, scientists and engineers from across the field of Functional Materials. We welcome you to join us this year for a program that includes keynote speakers, oral presentations and poster sessions. Join others in the scientific community by presenting your research through submitting papers for evaluation. ICFM 2019 promises to be a key opportunity to create new business relationships, learn about cutting edge research and find global partners for future projects.

Important Dates

Submission Deadline	April 5th, 2019
Notification Deadline	April 25th, 2019
Registration Deadline	May 15th, 2019

Program

Day 1-Sep.4 th , 2019	Registration
Day 2-Sep.5 th , 2019	Keynote Speech & Parallel Sessions
Day 3-Sep.6 th , 2019	Optional Lab Visit

Conference Proceedings

Key Engineering Materials (ISSN: 1662-9795) published by TTP. It will be sent for major indexing, such as **EI Compendex and SCOPUS**

Topics

- Biomaterials
- Building materials
- Carbon based materials
- Ceramic
- Composites
- Earthquake materials and design
- Environmental friendly materials
- High strength alloys
- Intelligent materials systems
- Iron and steel
- Materials processing and handling
- Metallurgical fundamentals and techniques
- Micro/Nano materials
- New functional materials
- New energy materials
- Non ferrous metal material
- Optical, Electronic, Magnetic materials
- Polymeric materials
- Processing technology for functional materials
- Smart and intelligent materials
- Thin films Mechanical behavior and fracture
- Tool testing and evaluation of materials

Submission

We invite scientific papers of up to **Ten** pages, no less than **Five** pages and poster abstracts of up to Two pages. Papers and posters must be formatted according to style guidelines and not exceed the page limit. The submission is to be done via EasyChair:
